### 2025 INFINITI QX60 stuns with new Black Edition Package, advanced VC-Turbo engine

New VC-Turbo engine delivers greater torque and improved fuel efficiency for three-row crossover

**MISSISSAUGA, Ont.** – The INFINITI QX60 becomes even more appealing for the 2025 model year with an unmistakably striking Black Edition trim and a more fuel-efficient powertrain with a higher torque output for smooth, confident driving performance.

Intended to accentuate the handsome, sculpted look of QX60 LUXE, the new Black Edition trim features gloss black 20-inch wheels, along with gloss black roof rails, grille surround and exterior emblems. An illuminated INFINITI emblem in the front grille complements illuminated kickplates and Welcome Lighting that help QX60 shine at night. A black headliner completes the Black Edition treatment on the inside of the cabin; on the outside, clients select from Mineral Black, Majestic White or new-for-2025 Harbor Gray paint.

Bolstering the model's impressive offering of premium features, all grades of the 2025 INFINITI QX60 now feature a new key fob design with approach unlock and walkaway locking functionality. When enabled, this feature automatically locks or unlocks the vehicle, as appropriate, by detecting when someone with the key fob walks up to or away from the QX60.

#### **Beautifully functional for life**

The 2025 INFINITI QX60 effortlessly caters to families with three rows of seating, detailed craftsmanship and intuitive technology. It comfortably seats up to seven passengers (six in AUTOGRAPH with second-row captain's chairs) and generously holds up to 2,135 litres of cargo<sup>1</sup> when the second and third rows are lowered. The front seats feature INFINITI "Zero Gravity" technology that can help reduce fatigue in long drives. The second-row seats conveniently tilt and slide to allow access to the third row, even with a child safety seat installed<sup>2</sup>.

Keeping everyone on board entertained and connected, QX60 boasts standard INFINITI InTouch™<sup>3</sup> featuring a 12.3-inch touchscreen with Android Auto™, wireless Apple CarPlay®<sup>4</sup>, SiriusXM® Radio and nine speakers. Black Edition grades and higher upgrade to a Bose® Performance series 17-speaker sound system for more lifelike, immersive sound.

QX60 includes a standard wireless phone charger on all grades, plus five standard USB ports to keep everyone's devices charged (two front, two for the second row and one for the third row); SENSORY and AUTOGRAPH grades add another third-row USB port for a total of six.

Peace of mind is standard for all onboard, with every QX60 featuring Forward Emergency Braking with Pedestrian Detection<sup>5</sup>, Predictive Forward Collision Warning<sup>6</sup>, Rear Cross-Traffic Alert<sup>7</sup>, Rear Automatic Braking<sup>8</sup>, Blind Spot Warning<sup>9</sup>, Lane Departure Warning<sup>10</sup> and High Beam Assist.

Available technologies help make driving simpler, including Around View® Monitor with Moving Object Detection<sup>11</sup>, a Smart Rear View Mirror<sup>12</sup> that provides a less-obstructed view behind the vehicle<sup>13</sup>, Driver Attention Alert<sup>14</sup> and Traffic Sign Recognition<sup>15</sup>. Finally, available ProPILOT Assist with Navi-link supports the driver during single-lane highway driving for a less fatiguing driving experience<sup>16</sup>.

### **Advanced, efficient powertrain**

For the 2025 model year, QX60 employs an advanced [Variable Compression Turbo \(VC-Turbo\) engine](#), which is also featured in QX50 and QX55. The world's first mass-produced variable-compression engine, the turbocharged 2.0-liter seamlessly varies its compression ratio depending on the driving situation, accelerator input and other factors. With the ability to range from a compression ratio of 8:1 to 14:1, the engine offers drivers a rewarding blend of responsive performance and impressive efficiency.

The innovative engine is rated for 268 horsepower and 286 lb-ft of torque, an increase of 16 lb-ft over the 2024 model, coupled with a 9-speed automatic transmission with standard paddle shifters that contribute to confident responsiveness in daily driving.

The powertrain features a standard transmission oil cooler, while SENSORY and AUTOGRAPH grade's are additionally equipped with a trailer hitch receiver and harness, allowing for an increase in towing rating to 6,000 pounds<sup>17</sup>.

### **On sale this summer**

The 2025 INFINITI QX60 is on sale now with a starting Manufacturer's Suggested Retail Price of \$60,345. Find full pricing details for all grade levels in the full pricing announcement.

<sup>1</sup> Cargo and load capacity limited by weight and distribution. Always secure cargo. Heavy loading of the vehicle with cargo, especially on the roof, will affect the handling and stability of the vehicle.

<sup>2</sup> Do not perform slide forward function with the Child Restraint System occupied.

<sup>3</sup> Compatible device, service, and consumer activation of INFINITI InTouch Services package required. Use only when safe and legal. Subject to third party service availability. For more information see <https://www.infinitiusa.com/intouch/legal.html>

<sup>4</sup> Apple CarPlay is a trademark of Apple Inc.

<sup>5</sup> Forward Emergency Braking with Pedestrian Detection cannot prevent all collisions and may not provide warning or braking in all conditions. Driver should monitor traffic conditions and brake as needed to prevent collisions. See Owner's Manual for safety information.

<sup>6</sup> Predictive Forward Collision Warning cannot prevent collisions. See Owner's Manual for safety information.

<sup>7</sup> Rear Cross Traffic Alert may not detect all vehicles. See Owner's Manual for safety information.

<sup>8</sup> Rear Automatic Braking cannot prevent all collisions and may not provide warning or braking in all conditions. Driver should always turn and check surroundings before driving and brake as needed to prevent collisions. See Owner's Manual for safety information.

<sup>9</sup> Blind Spot Warning cannot prevent collisions and may not detect every object or warn in all situations. Driver should always turn and look before changing lanes. See Owner's Manual for safety information.

<sup>10</sup> Lane Departure Warning only operates when lane markings or road edge (if equipped) are able to be detected. See Owner's Manual for safety information.

<sup>11</sup> Around View Monitor with Moving Object Detection cannot eliminate blind spots and may not detect every object. Driver should always turn and check surroundings before driving. See Owner's Manual for safety information.

<sup>12</sup> Smart RearView Mirror may not detect every object and does not eliminate blind spots or warn of moving objects. See Owner's Manual for safety information.

<sup>13</sup> Smart RearView Mirror may not detect every object and does not eliminate blind spots or warn of moving objects. See Owner's Manual for safety information.

<sup>14</sup> Driver Attention Alert cannot provide a warning in every situation. See Owner's Manual for safety information.

<sup>15</sup> Traffic Sign Recognition may not detect and read all traffic signs in all conditions. Driver should monitor all traffic signs and obey all traffic laws. See Owner's Manual for details.

<sup>16</sup> ProPILOT Assist with Navi-link cannot prevent collisions. It is the driver's responsibility to be in control of the vehicle at all times. Always monitor traffic conditions and keep both hands on the steering wheel. System operates only when lane markings are detected. Does not function in all weather, traffic and road conditions. System has limited control capability and the driver may need to steer, brake or accelerate at any time to maintain safety. See Owner's Manual for safety information.

<sup>17</sup> Towing varies by configuration. See INFINITI Towing Guide and Owner's Manual for additional information. Always secure cargo.
